American Savings Bank Hosts First Annual Statewide Service Day

Honolulu, HI (July 15, 2013) – American Savings Bank (American) held its first annual Statewide Seeds of Service Day on June 29th as part of Employee Appreciation Month. The event was held to give back to not only employees, but to customers and the community as well. Approximately 160 employees with their family and friends turned out to volunteer. The bank organized community service projects on the islands of Oahu, Maui, Molokai, and Kauai. The projects benefitted Anuenue School on Oahu, Maui Youth and Family Services on Maui, Kapaa High School on Kauai, and Adopt-A-Highway on Molokai.

The Seeds of Service program was launched by American in 2005 to honor the bank's 80th anniversary as well as its commitment to schools and community organizations. Employees have contributed over 12,000 volunteer hours landscaping, cleaning, providing meal services and the like in communities on Oahu, Hawaii Island, Maui, Molokai, and Kauai.
