Important Information About Procedures For Opening A New Account

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for you: When you open an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents.

You are applying for a Home Equity Line of Credit account which will be secured by a mortgage on the property listed on this application. You promise that the property will not be used for any illegal or restricted purpose and that all statements made on this application are true and are made for obtaining the loan. You fully understand that it is a federal crime punishable by fine or imprisonment, or both, to make intentional false statements concerning any of the above facts as applicable under the provisions of Title 18, United States Code, Section 1014. You have read this application and promise that everything you have stated in it is true. You are at least 18 years of age and either a U.S. citizen or permanent resident. You agree to reimburse ASB for any expenses it incurs as a result of this loan request if you should cancel before the loan closes or if this credit request is denied.

You (i) certify that all information provided in this application is correct and to the best of your knowledge, (ii) authorize American Savings Bank ("ASB") to verify at any time your credit and employment history, (iii) authorize ASB to verify information contained in this application and in other documents required in connection with this application, either before or after the loan is closed, (iv) authorize ASB to request any and all information and documentation related to your income, deposit account balances, loan payoff amounts, and/or tax returns, (v) authorize ASB to instruct your insurer to recognize ASB as a mortgagee on your insurance policies, and (vi) understand that ASB retains this application (whether or not approved).

By signing below, you also acknowledge that you have received the disclosures "Important Terms Of Our Home Equity Line Of Credit" and "What you should know about home equity lines of credit" and had the opportunity to read them before submitting this application form. You also acknowledge that if your application is approved, you must still sign a Credit Agreement, a mortgage and other documents required by us and that ASB may keep some of its records in digital or electronic format and that such records have the same legal effect as the paper version of those records.

IMPORTANT TERMS of our HOME EQUITY LINE OF CREDIT **(Equity ExpressSM Account or Equity ExpressSM Total Line of Credit Account)**

Retention of Information: This disclosure contains important information about our Equity Express Account Home Equity Line of Credit. You should read it carefully and keep a copy for your records.

Availability of Terms: All the terms described below are subject to change prior to opening your account. If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you have paid to us or anyone else in connection with your application.

Security Interest: We will take a mortgage on your home. You could lose your home if you do not meet the obligations in your agreement with us.

Possible Actions: We can terminate your account, require you to pay us the entire outstanding balance in one payment before the draw or repayment periods end, and charge you certain fees if: 1) there is fraud or material misrepresentation by you in connection with your line; 2) you fail to make a payment when due or otherwise meet the repayment terms of your line for any outstanding balance; or 3) any action or inaction by you adversely affects our security interest for your line or any right we have in the collateral (your home). Examples of acts by you which may adversely affect our rights in the collateral including, but are not limited to, the following: if you transfer title to or sell the collateral in a manner not permitted by the mortgage; if you fail to maintain or acquire insurance on your home; if you commit waste or other destructive use or fail to maintain the collateral such that it adversely affects the value of the collateral; if you fail to pay property taxes or assessments resulting in the filing of a lien senior to that of the mortgage; if you die; if the collateral is taken by condemnation; or if a prior mortgage holder forecloses. We may suspend further advances or “freeze” your line or reduce your credit limit during the draw period if: 1) the value of any dwelling that is part of the collateral declines significantly below its appraised value for purposes of your line; 2) we reasonably believe that you will be unable to fulfill your repayment obligations under your line because of material change in your financial circumstances; 3) you are in default of any material obligations under the agreement; 4) we are prevented by government action from imposing the annual percentage rate provided for in the agreement; 5) the priority of the lien of the mortgage is adversely affected by government action to the extent that the value of our security is less than 120% of your balance under your line; or, 6) we are notified by our regulatory agency that continued advances constitute an unsafe or unsound practice. The initial agreement permits us to make certain changes to the terms of the agreement at specified times or upon the occurrence of specified events.

Eligibility: Depending on your creditworthiness, you may qualify for one of two Equity Express Products, (i) Equity Express or (ii) Equity Express Total Line of Credit. The differences in Payment structures are described here below.

Draw Period: You can obtain credit advances ten years from the date of your agreement unless your rights to obtain advances of credit are otherwise suspended or canceled. During the draw period, payments will be due monthly. Your minimum monthly payment during the draw period is described below. After the draw period ends, you will no longer be able to obtain credit advances and must repay the outstanding balance as stated in the “Repayment Period” section of this disclosure.

Repayment Period: You will no longer be able to obtain credit advances ten years from the date of your agreement. The length of the repayment period will be twenty years and begins immediately after the draw period expires. During the repayment period, payments will be due monthly. Your minimum monthly payment during the repayment period is described below.

Equity Express:

Minimum Payment Requirement Draw Period: Your minimum monthly payments will be equal to the sum of the finance charges, any credit insurance and any other charges that apply, including amounts past due, and late charges. The minimum payment will not fully repay the principal that is outstanding on your line. You will then be required to pay the entire balance during the repayment period.

Minimum Payment Requirement Repayment Period: Your minimum monthly payments will be equal to 1/240th of the outstanding principal balance, determined as of the first day of the repayment period, plus all accrued finance charges, any credit insurance and any other charges that apply, including amounts past due, and late charges.

Minimum Payment Example: If you made only the minimum payments and took no other credit advances, it would take thirty years to pay off a credit advance of \$10,000.00 at an ANNUAL PERCENTAGE RATE OF 9.50%. Because the line of credit has a draw period of ten years plus a repayment period of twenty years, if your line was not renewed or extended and you make the minimum payments, you would make 120 monthly payments of \$79.17 during the draw period, followed by 240 monthly principal plus interest payments ranging from \$42.00 to \$120.83. An increase in the ANNUAL PERCENTAGE RATE may increase the amount of your monthly payment. Monthly payments are approximations and vary due to minor variations in rounding.

Equity Express Total Line of Credit:

Minimum Payment Requirement Draw Period: Your minimum monthly payments will be equal to the sum of 0.25% of your outstanding balance plus the finance charges, any credit insurance and any other charges that apply, including amounts past due, and late charges. The minimum payment will not fully repay the principal that is outstanding on your line. You will then be required to pay the entire balance during the repayment period.

Minimum Payment Requirement Repayment Period: Your minimum monthly payments will be equal to 1/240th of the outstanding principal balance, determined as of the first day of the repayment period, plus all accrued finance charges, any credit insurance and any other charges that apply, including amounts past due, and late charges.

Minimum Payment Example: If you made only the minimum payments and took no other credit advances, it would take thirty years to pay off a credit advance of \$10,000.00 at an ANNUAL PERCENTAGE RATE OF 9.50%. Because the line of credit has a draw period of ten years plus a repayment period of twenty years, if your line was not renewed or extended and you make the minimum payments, you would make 120 monthly payments of \$77.33 to \$104.17 during the draw period, followed by 240 monthly principal and interest payments of about \$31.10 to \$89.48. An increase in the ANNUAL PERCENTAGE RATE may increase the amount of your monthly payment. Monthly payments are approximations and vary due to minor variations in rounding.

Fees and Charges to Open the Account: To open a line of credit, you must pay certain fees and charges to third parties. These fees and charges generally total between \$10.00 and \$3,000.00 (American Savings Bank may waive any or all of these fees). At your request, we will give you an itemization of the fees and charges you will have to pay to third parties. In addition to any third party fees, you must also pay us the following: (a) a fee for notary service (\$100.00 - \$250.00 per signer); (b) a credit report fee (\$4.50 per applicant); (c) a recording of mortgage fee (\$36.00 for land court/\$41.00 for regular system/\$77.00 for double-system); (d) a condo processing fee (\$100.00); (e) a trust review and trust mortgage document preparation fee (\$100.00 - \$366.49); (f) a property valuation fee (\$15.00) and property condition report fee (\$60.00 - \$215.00) (if a valuation is not available, the current tax assessed value and property inspection report or an appraisal may be used; for home equity credit line requests over \$400,000.00 and in some situations, an appraisal may be required), or an appraisal fee (\$500.00 - \$1,500.00 depending on the property); (g) a flood certification fee (\$9.00); (h) a mortgage/document preparation fee (\$104.71); (i) title insurance fees based on the amount of the line of credit requested (\$150.00 - \$3,600.00); and (j) Escrow services fee (\$200.00 - \$1,500.00). All of the above fees and charges are estimated at the time of loan closing and subject to change.

Maintenance Fees and/or Account Charges: To maintain a line of credit, you may pay certain charges and fees: (a) An annual fee (\$50.00) is charged in your first periodic statement and annually at loan anniversary during the draw period (this fee may be waived with automatic payment from a Kalo DeluxeSM or Private Banking personal checking account which must be set up by loan signing. Please see the Personal Deposit Account Terms and Conditions for other terms, conditions and fees for Kalo Checking accounts); (b) hazard/fire/flood insurance premiums for the property if you do not obtain that insurance yourself and we elect at our option to obtain it for you as provided in the mortgage; (c) charges for taxes, lease rent, assessments and other advances made at our option to protect the property as provided in the mortgage; (d) release of mortgage fee including the fee paid to each public official plus third-party handling fee (estimated amount is \$41.00 - \$82.00) (there may be more than one recordation); (e) if your line amount is more than \$25,000.00, a fee of five hundred (\$500.00) will be charged if you request we close it within three (3) years from the Date of Agreement (We will not assess this fee if: [i] your Credit Limit is \$25,000.00 or less, [ii] you sell the Collateral to an unrelated/unaffiliated third-party, or [iii] you pay off your Agreement with proceeds from a real estate secured loan from us); (f) subordination fee (\$300.00); (g) late payment fee: 5% of the unpaid portion of the minimum amount due (maximum late charge is \$30.00 per late payment); (h) returned mail fee (\$5.00 per month). All of the above fees and charges are estimated at the time of loan closing and subject to change.

Escrow Payments: It is unlikely that we will require escrow payments. We may require escrow payments if they are not already collected by another lender. We have the right to collect 1/12th of the yearly taxes, assessments, mortgage insurance, insurance, and lease rent for your property at the same time we collect your monthly payment. Collection of escrow payments allows us to make sure that these items are paid

and do not become liens on your property. We do not pay you interest on the amount of money in escrow. If you fail to make your escrow payment, you will be in default, and we can require immediate repayment of all money you owe us.

Property Insurance: You will be required to carry hazard insurance on the property that secures this plan. If your property is in a special flood hazard area, you will be required to maintain adequate flood insurance coverage.

Appraisal Report Delivery: We may order an appraisal or valuation to determine the property’s value and charge you for this appraisal. If your application for credit is secured by a first lien on the property, we will promptly give you a copy of any appraisal/valuation, even if your loan does not close. You will not be required to pay an additional amount to us to receive a copy of the appraisal/valuation report. Any appraisal/valuation report used in connection with your loan application was prepared solely for our use in evaluating a request for an extension of credit. The appraisal should not be relied upon by any other person or entity. We make no express or implied representation or warranty of any kind, and we expressly disclaim any liability to any person or entity with respect to the property valuation. You can pay for an additional appraisal for your own use at your own cost.

Minimum Draw and Balance Requirement: There is no minimum credit advance requirement. No minimum balance is required.

Tax Deductibility: You should consult a tax advisor regarding the deductibility of interest and charges for the line.

Variable-Rate Feature: This line has a variable-rate feature, and the annual percentage rate (corresponding to the periodic rate) and the minimum payment can change as a result. The variable-rate feature applies to both the draw and repayment periods. Rate information will be provided with each periodic statement. The annual percentage rate includes only interest and no other costs. The annual percentage rate is based on the value of an index and is subject to a minimum and maximum rate as described in Rate Change, below. The index is computed by us monthly as the highest prime rate on the last business day of the calendar month as published in the Money Rate section of the Wall Street Journal. This index is used for the billing cycle beginning the following month. For example, the highest prime rate value on the last business day of May would be used to determine the index for the billing cycle beginning in June and so on. To determine the annual percentage rate that will apply to your line, we add a margin to the value of the index. The result of this addition will then be rounded up to the nearest 1/8th of one percentage point (0.125%). Ask us for the current index value, margin, discount, and annual percentage rate. **Rate Change:** The annual percentage rate can change on the first day of each billing cycle. The ANNUAL PERCENTAGE RATE will never be less than 4.50%. The maximum ANNUAL PERCENTAGE RATE that can apply is 18.00%. Except for this 4.50% “floor” and 18.00% “cap,” there is no limit on the rate changes during any year.

Maximum Rate and Payment Examples:

Equity Express: If you had an outstanding balance of \$10,000, the minimum payment at the maximum ANNUAL PERCENTAGE RATE of 18.00% would be \$150.00 during the draw period, followed by 240 monthly principal plus interest payments ranging from \$42.29 to \$191.67. This annual percentage rate could be reached during the first month of the line.

Equity Express Total Line of Credit: If you had an outstanding balance of \$10,000, the minimum payment at the maximum ANNUAL PERCENTAGE RATE of 18.00% would be \$129.92 to \$175.00 during the draw period, followed by 240 monthly principal plus interest payments ranging from \$31.32 to \$141.94. This annual percentage rate could be reached during the first month of the line.

Historical Example: The table below shows how the ANNUAL PERCENTAGE RATE and the minimum monthly payments (except for minor variations in rounding) for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are from June 1st of each year. While only one payment amount per year is shown, payments would have varied during each year. The table assumes that no additional credit advances were taken, that only the minimum payments were made each month, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.

Equity Express: Payments during the first ten years are interest only (during draw period) while payments during years eleven to thirty are principal plus interest payments (during the repayment period).

Fixed Rate Equity Loan Option (FRELO) Feature: Your line may include a fixed rate feature that applies to Fixed Rate Equity Loan Options. The Fixed Rate Equity Loan Options may be added upon your request. You may select Fixed Rate Equity Loan Options only during the

Draw Period. The term of the Fixed Rate Equity Loan Option may not exceed the maturity date of the HELOC. You can request to convert all or a portion of your balance under your variable rate line of credit to one or more Fixed Rate Equity Loans (up to five options at any one time). Each Fixed Rate Equity Loan will have a fixed rate of interest and repayment term. The minimum amount to establish a Fixed Rate Equity Loan is based on the loan term selected and/or conditions established during a FRELO promotion. You may request a Fixed Rate Equity Loan by visiting any of our branches or by calling our Customer Banking Center at (808) 627-6900 or toll-free (800) 272- 2566. We will offer you a selection of current terms (3 years to 20 years) from which you may select a Fixed Rate Equity Loan at prevailing rates. In order to establish a Fixed Rate Equity Loan, your account must meet all of the following requirements: 1) No default exists under the credit line account at the time you request the Fixed Rate Equity Loan; 2) There are no more than five Fixed Rate Equity Loans in effect after you have established a Fixed Rate Equity Loan; and, 3) You request the Fixed Rate Equity Loan during the Draw Period. Once established, the Fixed Rate Equity Loan will remain at a fixed rate of interest until it is paid in full, or a new Variable Rate Line of Credit advance is used to pay off the Fixed Rate Equity Loan provided you have sufficient available credit. The ANNUAL PERCENTAGE RATE includes only interest and no other costs. Credit reporting bureaus may report the FRELO on its own trade line that is separated from your Equity Express account.

Interest Rate for Fixed Rate Equity Loan: Rates are based on the term being requested. You may contact any of our branches for prevailing rates.

Minimum Payment Requirements for Fixed Rate Equity Loan: You will receive separate monthly billing statements for your Variable Rate Line of Credit and any Fixed Rate Equity Loans that you establish. You will make monthly payments for each outstanding Fixed Rate Equity Loan Option in addition to the monthly payments for the Variable Rate Line of Credit portion. Your total monthly minimum payment will equal the sum of (i) the minimum payment due on your Variable Rate Line of Credit described in the applicable sections above, plus (ii) the minimum payments due on all Fixed Rate Equity Loans you established. The minimum payment will include principal and interest based on an amortization of the loan amount at the rate for the term you select when establishing the Fixed Rate Equity Loan. The following table shows the number and amount of the payment for each repayment term at the ANNUAL PERCENTAGE RATE indicated if you converted a \$10,000.00 portion of the Variable Rate Line of Credit to the Fixed Rate Equity Loan Option and you made only the minimum payments.

Term	Number of Payments	ANNUAL PERCENTAGE RATE (%)	Minimum Payment (\$)
3-Year Term	36	7.00%	\$308.77
5-Year Term	60	7.25%	\$199.19
7-Year Term	84	7.75%	\$154.62
10-Year Term	120	8.25%	\$122.65
15-Year Term	180	9.00%	\$101.43
20-Year Term	240	9.25%	\$91.59

The table shows the ANNUAL PERCENTAGE RATES for owner-occupant in effect on 05/21/2025. Contact ASB for current APRs and monthly payment calculations for your specific situation.

Fees and Charges for Fixed Rate Equity Loan: A Loan Modification fee of \$250 will be assessed for each request to modify any of the terms made to Your existing Fixed Rate Equity Loan Option (such as, but not limited to, the rate, monthly payment, or duration of the loan). If the modifications are approved, you must pay the fee before we make the changes. This fee will not be charged for early payoff or payoff of a Fixed Rate Equity Loan Option. If using your Equity Express, it must have enough funds to payoff or payoff the loan.

WHAT YOU SHOULD KNOW ABOUT

Home Equity Lines of Credit (HELOC)

Borrowing from the
value of your home

Consumer Financial
Protection Bureau

An official publication of the U.S. government

How to use the booklet

When you and your lender discuss home equity lines of credit, often referred to as HELOCs, you receive a copy of this booklet. It helps you explore and understand your options when borrowing against the equity in your home.

You can find more information from the Consumer Financial Protection Bureau (CFPB) about home loans at cfpb.gov/mortgages. You'll also find other mortgage-related CFPB resources, facts, and tools to help you take control of your borrowing options.

About the CFPB

The CFPB is a 21st century agency that implements and enforces federal consumer financial law and ensures that markets for consumer financial products are fair, transparent, and competitive.

This pamphlet, titled What you should know about home equity lines of credit, was created to comply with federal law pursuant to 15 U.S.C. 1637a(e) and 12 CFR 1026.40(e).

How can this booklet help you?

This booklet can help you decide whether home equity line of credit is the right choice for you, and help you shop for the best available option.

A home equity line of credit (HELOC) is a loan that allows you to borrow, spend, and repay as you go, using your home as collateral.

Typically, you can borrow up to a specified percentage of your equity. Equity is the value of your home minus the amount you owe on your mortgage.

Consider a HELOC if you are confident you can keep up with the loan payments. If you fall behind or can't repay the loan on schedule, you could lose your home.

After you finish this booklet:

- You'll understand the effect of borrowing against your home
- You'll think through your borrowing and financing options, besides a HELOC
- You'll see how to shop for your best HELOC offer
- You'll see what to do if the economy or your situation changes

Compare a HELOC to other money sources

Before you decide to take out a HELOC, it might make sense to consider other options that might be available to you, like the ones below.

TIP

Renting your home out to other people may be prohibited under the terms of your line of credit.

MONEY SOURCE	HOW MUCH CAN YOU BORROW	VARIABLE OR FIXED RATE	IS YOUR HOME AT RISK?	TYPICAL ADVANTAGES	TYPICAL DISADVANTAGES
HELOC <i>You borrow against the equity in your home</i>	Generally a percentage of the appraised value of your home, minus the amount you owe on your mortgage	Variable, typically	Yes	Continue repaying and borrowing for several years without additional approvals or paperwork	Repayment amount varies; repayment is often required when you sell your home
SECOND MORTGAGE OR HOME EQUITY LOAN <i>You borrow against the equity in your home</i>	Generally a percentage of the appraised value of your home, minus the amount you owe on your mortgage	Fixed	Yes	Equal payments that pay off the entire loan	If you need more money, you need to apply for a new loan; repayment is often required when you sell your home
CASH-OUT REFINANCE <i>You replace your existing mortgage with a bigger mortgage and take the difference in cash</i>	Generally a percentage of the appraised value of your home; the amount of your existing loan plus the amount you want to cash out	Variable or fixed	Yes	Continue to make just one mortgage payment	Closing costs are generally higher; it may take longer to pay off your mortgage; interest rate may be higher than your current mortgage
PERSONAL LINE OF CREDIT <i>You borrow based on your credit, without using your home as collateral</i>	Up to your credit limit, as determined by the lender	Variable, typically	No	Continue repaying and borrowing for several years without additional approvals or paperwork	Solid credit is required; you may need to pay the entire amount due once a year; higher interest rate than a loan that uses your home as collateral

MONEY SOURCE	HOW MUCH CAN YOU BORROW	VARIABLE OR FIXED RATE	IS YOUR HOME AT RISK?	TYPICAL ADVANTAGES	TYPICAL DISADVANTAGES
RETIREMENT PLAN LOAN <i>You borrow from your retirement savings in a 401(k) or similar plan through your current employer</i>	Generally, up to 50% of your vested balance or \$50,000, whichever is less	Fixed	No	Repay through paycheck deductions; paperwork required but no credit check and no impact on your credit score	If you leave or lose your job, repay the whole amount at that time or pay taxes and penalties; spouse may need to consent
HOME EQUITY CONVERSION MORTGAGE (HECM) <i>You must be age 62 or older, and you borrow against the equity in your home</i>	Depends on your age, the interest rate on your loan, and the value of your home	Fixed or variable	Yes	You don't make monthly loan payments—instead, you typically repay the loan when you move out, or your survivors repay it after you die	The amount you owe grows over time; you might not have any value left in your home if you want to leave it to your heirs
CREDIT CARD <i>You borrow money from the credit card company and repay as you go</i>	Up to the amount of your credit limit, as determined by the credit card company	Fixed or variable	No	No minimum purchase; consumer protections in the case of fraud or lost or stolen card	Higher interest rate than a loan that uses your home as collateral

How HELOCs work

PREPARE FOR UP-FRONT COSTS

Some lenders waive some or all of the up-front costs for a HELOC. Others may charge fees. For example, you might get charged:

- A fee for a property **appraisal**, which is a formal estimate of the value of your home
- An application fee, which might not be refunded if you are turned down
- Closing costs, including fees for attorneys, title search, mortgage preparation and filing, property and title insurance, and taxes

PULL MONEY FROM YOUR LINE OF CREDIT

Once approved for a HELOC, you can generally spend up to your credit limit whenever you want. When your line of credit is open for spending, you are in the **borrowing period**, also called the **draw period**. Typically, you use special checks or a credit card to draw on your line. Some plans require you to borrow a minimum amount each time (for example, \$300) or keep a minimum amount outstanding. Some plans require you to take an initial amount when the credit line is set up.

MAKE REPAYMENTS DURING THE “DRAW PERIOD”

Some plans set a minimum monthly payment that includes a portion of the **principal** (the amount you borrow) plus accrued interest. The portion of your payment that goes toward principal typically does not repay the principal by the end of the term. Other plans may allow payment of the interest only, during the draw period, which means that you pay nothing toward the principal.

If your plan has a variable interest rate, your monthly payments may change even if you don't draw more money.

ENTER THE “REPAYMENT PERIOD”

Whatever your payment arrangements during the draw period—whether you pay some, a little, or none of the principal amount of the loan—when the draw period ends you enter a repayment period. Your lender may set a schedule so that you repay the full amount, often over ten or 15 years.

Or, you may have to pay the entire balance owed, all at once, which might be a large amount called a **balloon payment** by refinancing it with the lender, getting a loan from another lender, or some other means. If you are unable to pay the balloon payment in full, you could lose your home.

RENEW OR CLOSE OUT THE LINE OF CREDIT

At the end of the repayment period, your lender might encourage you to leave the line of credit open. This way you don't have to go through the cost and expense of a new loan, if you expect to borrow again. Be sure you understand if annual maintenance fees or other fees apply, even if you are not actively using the credit line.

TIP

If you sell your home, you are generally required to pay off your HELOC in full immediately. If you are likely to sell your home in the near future, consider whether or not to pay the up-front costs of setting up a line of credit.

How variable interest rates work

Home equity lines of credit typically involve variable rather than fixed interest rates.

A variable interest rate generally has two parts: the index and the margin.

An **index** is a measure of interest rates generally that reflects trends in the overall economy. Different lenders use different indexes in their loans. Common indexes include the U.S. prime rate and the Constant Maturity Treasury (CMT) rate. Talk with your lender to find out more about the index they use.

The **margin** is an extra percentage that the lender adds to the index.

Lenders sometimes offer a temporarily discounted interest rate for home equity lines—an introductory or **teaser rate** that is unusually low for a short period, such as six months.

Rights and responsibilities

Lenders are required to disclose the terms and costs of their home equity lines of credit. They need to tell you:

- Annual percentage rate (APR)
- Information about variable rates
- Payment terms
- Requirements on transactions, such as minimum draw amounts and number of draws allowed per year

- Annual fees
- Miscellaneous charges

You usually get these disclosures when you receive a loan application, and you get additional disclosures before the line of credit is opened. In general, the lender cannot charge a nonrefundable fee as part of your application until three days after you have received the disclosures.

If the lender changes the terms before the loan is made, you can decide not to go forward with it, and the lender must return all fees. There is one exception: the variable interest rate might change, and in that case if you decide not to go ahead with the loan, your fees are not refunded.

Lenders must give you a list of HUD-approved housing counselors in your area. You can talk to counselor about how HELOCs work and get free or low-cost help with budgeting and money management.

Right to cancel (also called right to rescind)

If you change your mind for any reason, under federal law, you can cancel the credit line in the first three days. Notify the lender in writing within the first three days after the account was opened. The lender must then cancel the loan and return the fees you paid, including application and appraisal fees.

TIP

Some HELOCs let you convert some of your balance to a fixed interest rate. The fixed interest rate is typically higher than the variable rate, but it means more predictable payments.

If something changes during the course of the loan

HELOCs generally permit the lender to freeze or reduce your credit line if the value of your home falls or if they see a change for the worse in your financial situation. If this happens, you can:

- **Talk with your lender.** Find out the reason for the freeze or reduction. You might need to check your credit reports for errors that might have caused a downgrade in your credit. Or, you might need to talk with your lender about a new appraisal on your home and make sure the lender agrees to accept a new appraisal as valid.
- **Shop for another line of credit.** If another lender offers you a line of credit, you may be able to use that to pay off your original line of credit. Application fees and other fees may apply for the new loan.

WELL DONE!

For most people, a home is their most valuable asset. A HELOC can help you make the most of this asset, when you understand the ins and outs and know what to expect.

In this booklet:

ASK YOURSELF

Have I considered other sources of money and loans, besides a HELOC?

Have I shopped around for HELOC features and fees?

Am I comfortable with the worst-case scenario, where I could lose my home?

**PUBLIC INFORMATION NOTICE PURSUANT TO
HAWAII REVISED STATUTES SECTION 667-41
WHAT IS FORECLOSURE?**

This notice informs you regarding a lender's right to foreclose in the event of a default on the loan you have applied for or are considering if your home is used to secure its repayment.

The mortgage agreement or contract that you may enter into states that in the event the amounts due under the loan are not paid when they are due, or for other reasons you do not perform your promises in the note and mortgage, all of which are known as defaults, the lender shall have the option to foreclose the mortgage, which will result in a sale of your home.

The entity or person who holds your mortgage ("Mortgagee") may send you a notice informing you that the Mortgagee is starting foreclosure proceedings. You should not wait for that to happen; take steps to prevent a foreclosure as soon as you are having trouble paying your mortgage. You should contact your lender or your lender's loan servicer, or you may contact a budget and credit counselor or housing counselor, to discuss your situation.

STEP ONE: NOTICE OF DEFAULT. The first step in the foreclosure process is the Mortgagee usually sends you a written notice of default, which occurs after you are past due on your mortgage payment. The Mortgagee will tell you in the notice how much time you have to pay the required amount that is past due and, by paying, will return your loan to good standing.

STEP TWO: PROCEEDING TO FORECLOSURE. If you do not pay the required amount past due by the deadline in the notice of default, the Mortgagee may elect to proceed to collect the balance due on your loan through foreclosure. In Hawaii, there are two types of foreclosures: judicial and nonjudicial.

In a **JUDICIAL FORECLOSURE**, the Mortgagee files a lawsuit against you in order to obtain a court judgment that you owe the balance due under your loan and to obtain an order to sell the property. The initial legal document you will receive in the lawsuit is called the complaint. You should consult an attorney of your choice who can advise you as to the steps needed to protect your rights. Judicial foreclosure involves the sale of the mortgaged property under the supervision of the court. You will receive notice of the foreclosure case hearings and the sale date and the judicial decision is announced after a hearing in court. The sale of the property must be approved by the court before it can be completed.

In a **NONJUDICIAL FORECLOSURE**, the process follows the procedures spelled out in Chapter 667 of the Hawaii Revised Statutes and in your mortgage. The nonjudicial procedures allow a Mortgagee to foreclose on and sell the property identified in the mortgage without filing a lawsuit or court supervision. This nonjudicial foreclosure is also called a power of sale foreclosure. The Mortgagee starts the process by giving you a written notice of default and of the Mortgagee's intent to sell the property.

After the required time has elapsed, you will be sent a notice of nonjudicial foreclosure sale, which will tell you the date and location of the sale.

In a **NONJUDICIAL** foreclosure, if you own an interest in the property you may have the right to participate in the Mortgage Foreclosure Dispute Resolution Program or to convert the nonjudicial foreclosure into a judicial foreclosure. The non-judicial foreclosure may not proceed during the dispute resolution process or after it has been converted to a judicial foreclosure.

PLEASE NOTE: Even if a judicial or nonjudicial foreclosure has commenced, you may be able to reinstate the loan and keep your home if you pay the delinquent amount then due

and the foreclosure expenses that your Mortgagee has incurred. You must contact the Mortgagee as soon as possible to determine whether reinstatement is possible.

STEP THREE: PUBLIC SALE. The sale of a foreclosed home is usually made through a public auction, where the highest bidder who can make a cash deposit of up to 10% of the bid can buy the property. In a judicial foreclosure, the court appoints a third party commissioner to advertise and conduct the sale. In a nonjudicial foreclosure, the Mortgagee advertises and conducts the sale. In both types of sales, the Mortgagee has the right to buy the property by submitting a credit bid based upon the balance owed on the mortgage, so long as its bid is higher than any other bids. If the Mortgagee buys the property, the Mortgagee has the right to re-sell it in a private sale at a later date.

STEP FOUR: DISBURSEMENT OF PROCEEDS; POTENTIAL DEFICIENCY JUDGMENT. After the foreclosure sale is completed, the proceeds are paid out to lien holders, including the Mortgagee, in the order set by law and lastly to you if there are any proceeds left.

In a JUDICIAL FORECLOSURE, the court tells the commissioner whom to pay and how much. If the property did not sell for enough to pay off the balance due under your loan, the Mortgagee has the right to ask the court for a deficiency judgment against you for the difference.

In a NONJUDICIAL FORECLOSURE, the Mortgagee distributes the proceeds from the sale. If you are an owner-occupant, the law prohibits a deficiency judgment against you unless the debt is secured by other collateral.

READ THE NOTE AND MORTGAGE CAREFULLY TO UNDERSTAND WHAT IS REQUIRED AND HOW TO AVOID FORECLOSURE, AND CONSULT WITH AN ATTORNEY REGARDING YOUR LEGAL RIGHTS.

This offer is not available to anyone with any American Savings Bank Home Equity Line of Credit that was not closed prior to December 15, 2024, and may not be used to pay down or pay off any existing American Savings Bank Home Equity Line of Credit and is subject to change or discontinuance without notice. If the applicants meet the foregoing conditions, then the following applies:

FIXED RATE AND DAILY PERIODIC RATE DURING THE FIRST Twenty-Four (24) MONTHS

Your Equity Express will feature a fixed rate of interest from the day the loan is funded through the end of the statement cycle after twenty-four (24) months. If you select this option and if you set-up an automatic payment from an ASB personal checking account, the ANNUAL PERCENTAGE RATE for the initial 24-months of your account will be discounted to 5.55% APR, which is an initial daily periodic rate of 0.01521% (subject to minor variations due to rounding). This will replace the APR, minimum and maximum payment stated in the Important Terms of our Home Equity Line of Credit for the initial 24-months. The minimum and maximum payment examples are based on equal monthly payments throughout the loan term and not based on calculations of actual days in the month. Monthly payments are approximations and can vary due to minor variations in rounding.

Equity Express:

Minimum Payment Example:

If you made only the minimum payments and took no other credit advances, it would take thirty years to pay off a credit advance of \$10,000.00 at a discounted ANNUAL PERCENTAGE RATE of 5.55% for 24 months and 336 months at 7.50%. Because the line of credit has a draw period of ten years plus a repayment period of twenty years, if your line was not renewed or extended and you make the minimum payments, you would make 120 monthly payments of \$46.25 to \$62.50 during the draw period, followed by 240 monthly principal plus interest payments of \$41.93 to \$104.17. An increase in the ANNUAL PERCENTAGE RATE may increase the amount of your monthly payment.

Maximum Rate and Payment Example:

If you had an outstanding balance of \$10,000.00, at a discounted ANNUAL PERCENTAGE RATE of 5.55% for 24 months and 336 months at the maximum ANNUAL PERCENTAGE RATE of 18.00%, your monthly payments would be \$46.25 to \$150.00 during the draw period, followed by 240 monthly principal plus interest payments ranging from \$42.29 to \$191.67. The maximum annual percentage rate of 18.00% could be reached during the first month after the discount rate expires.

Historical Example:

Payments during the first ten years are interest only (during draw period) while payments during years eleven to thirty are principal plus interest payments (during the repayment period).

**Equity Express Total Line of Credit:
Minimum Payment Example**

If you made only the minimum payments and took no other credit advances, it would take thirty years to pay off a credit advance of \$10,000.00 at a discounted ANNUAL PERCENTAGE RATE of 5.55% for 24 months and 336 months at 7.50%. Because the line of credit has a draw period of ten years plus a repayment period of twenty years, if your line was not renewed or extended and you make the minimum payments, you would make 120 monthly payments of \$64.96 to \$82.40 during the draw period, followed by 240 monthly principal plus interest payments of \$31.05 to \$77.14. An increase in the ANNUAL PERCENTAGE RATE may increase the amount of your monthly payment.

Maximum Rate and Payment Example:

If you had an outstanding balance of \$10,000.00, at a discounted ANNUAL PERCENTAGE RATE of 5.55% for 24 months and 336 months at the maximum ANNUAL PERCENTAGE RATE of 18.00%, your monthly payments would be \$67.26 to \$164.80 during the draw period, followed by 240 monthly principal plus interest payments ranging from \$31.32 to \$141.94. The maximum annual percentage rate of 18.00% could be reached during the first month after the discount rate expires.

Historical Example:

Payments during the first ten years are 0.25% of the outstanding balance plus accrued interest (during draw period) while payments during years eleven to thirty are principal plus interest payments (during the repayment period).
